

"Home"

Run past the rivers, run past all the light
Feel it crashing and burning, till it all collides
Strike a match, lit the fire, shining up the sky

As it all comes down, again
As it all comes down, again
As it all comes down, again, to the sound

**The sound of the wind is whispering in your head
Can you feel it coming back?
Through the warmth, through the cold
Keep running till we're there
We're coming home now
We're coming home now**
[repeat]

Hear the voices surround us, hear them screaming out
We'll be crying for mercy, we'll be crying out loud
Burn the bridges in our town, till the point where we drown

As it all comes down, again
As it all comes down, again
As it all comes down, again, to the sound

**The sound of the wind is whispering in your head
Can you feel it coming back?
Through the warmth, through the cold
Keep running till we're there
We're coming home now
We're coming home now**
[repeat]

We are coming home, we are coming home, we are coming home, 16x

**The sound of the wind is whispering in your head
Can you feel it coming back?
Through the warmth, through the cold
Keep running till we're there
We're coming home now
We're coming home now**

We are coming home!

**The sound of the wind is whispering in your head
Can you feel it coming back?
Through the warmth, through the cold
Keep running till we're there
We're coming home now
We're coming home now**
[repeat]
